

**IN THE CLAIMS**

**33. (thrice amended) A housing for installation in a window frame having a window sash with a notch defining a pair of opposed edges, the housing comprising:**  
**a first part defining exterior side walls having edges;**

**a second part separate from said first part and defining interior side wall nested in the exterior side walls and a top wall extending beyond the interior said walls to define a flange, the edges of the exterior side walls being spaced from the flange; and**

**protuberances projecting from the edges of the exterior side walls and spaced from the flange to define respective gaps for receiving the respective edges of the notch therein.**
